

**RESOLUTION OF THE ASHE COUNTY BOARD OF COMMISSIONERS
PROVIDING FOR THE LIMITATION OF TAX RATES IN THE ASHE
COUNTY EMS/RESCUE SERVICE DISTRICT**

Whereas, the Ashe County Board of Commissioners has found and determined that it is for the best interest and necessary for the protection of the citizens in Ashe County to establish a EMS/Rescue service district; and

Whereas, the Board has determined that it is impossible or impractical to provide those services on a countywide basis and that there is a demonstrable demand for the proposed service by persons residing in the districts; and

Whereas, the County does not want to levy a burdensome or unreasonable service district tax on property;

Now, therefore let it be resolved by the Ashe County Board of Commissioners that any fire service district taxes levied upon the Ashe County EMS/Rescue Service District will not exceed .05 cents on each \$100 of property valuation.

Adopted this the 1st Day of August, 2022.

Todd McNeill,
Chairman

Missy Seivers,
Clerk to the Board
