Subject: irport Advisory Board nominee

Ann—here we go again!! I sent you the resignation notice from Elliot Bigman who has had to moved to Florida so he could be with his daughter who is dying of stage 4 cancer. We have a replacement to nominate to the Commissioners.

Bruce has been a professional pilot all his adult life and has an aircraft based at the airport. He will be a great addition to the board if you can put the wheels in motion. Hopefully this will be the last for a while—I have exhausted all my know pilot friends and people are starting to avoid me when they see me coming their way.

thanks
