Re: September 19th regular meeting

In addition to my regular report I have included two applications from Mt Olive Baptist Church of Ashe County, Inc. for property tax exemption. These two parcels were acquired by the church in 2015 and they did not submit a timely application for exemption during January of this year.

NCGS 105-282.1(a1) says "Upon a showing of good cause by the applicant for failure to make a timely application, an application for exemption or exclusion filed after the close of the listing period may be approved by the ... board of county commissioners...".
