RE: Boundary Lien Agreement

Summary:

Randy Rhodes and Chris Barr will be on hand to discuss a property sale just south of the old Jefferson School, now the Sharing Center. In surveying the property, Randy believes there is an inconsistency with the existing survey maps, deeds, and tax maps that could be resolved with a boundary line agreement. Because the agreement could mean the conveyance of property, the Board must approve or deny the agreement. The end result, would be a map establishing a shared property line between the two properties.
