Attachments: [01-21-20 Resolution Declaring Ashe County, NC a Second Amendment Sanctuary](#)

After a ten minute recess, Chairman McNeill opened the floor for the public to make comments regarding the Resolution Declaring Ashe County, NC a Second Amendment Sanctuary.

Sheriff Howell was the first person to speak stating that he is in favor of the resolution declaring Ashe County a Second Amendment Sanctuary. He teaches concealed carry classes and stated that there are a lot of good people willing to carry guns.

Tracy Miller from Glendale Springs stated that he is in favor of the resolution. The Second Amendment gives us the right to protect ourselves. He is speaking to protect our freedoms.

Donna Apple from Ashe County is not in favor of the resolution. She does not believe the resolution should be used as a political ploy. Ms. Apple stated the Second Amendment has been in place for 231 years. The movement for sanctuary cities started in Virginia. She experienced first hand a school shooting.

Matthew Marquard from Lansing stated that the resolution should not be necessary since we have the Second Amendment. Constitutional rights are given by our Creator and not from the government. He is in favor of the resolution.

Ken Gregory who lives in West Jefferson is in favor of the resolution because we live in an evil environment. It is foolish to take away God-given rights because someone acts against our rights. He opposes those that stand to take away our rights.

John Littlewood from Helton stated support for the resolution which he believes is well written. He spoke of undermining the Constitution. When violence occurs, guns are blamed, not the individuals. More and more counties are establishing themselves as Second Amendment Sanctuaries.

Jonathan Jordan from Crumpler stated support for the resolution. When he served as a representative in Raleigh, he helped institute the Castle Doctrine. Mr. Jordan has a problem with the term "Sanctuary" which has been used for illegal immigration. He believes that to restrict the Constitution is to restrict the basic form of government.

Matthew Leach who works in the district attorney's office stated support for the resolution. He is running for a seat as district court judge. He stated that it is important to elect conservative judges so that this type of resolution is not needed.

Dwight Kerr who lives in Ashe County believes that schools need to teach the Constitution. If this was done we would not need the resolution. The Constitution is not a living document because it does not change. He spoke of the importance that children are taught our nation's history.

Carlos Dominguez who lives in Ashe County was born in Cuba. His family moved to the United States in 1965 when he was 12. In Cuba, children were taught that socialism is good. While he was living in Cuba, officials went house to house confiscating guns. He believes that we need to protect the Constitution and the Second Amendment.

Joe Miller from Ashe County stated support for the resolution. He also stated agreement with the comment made by Jonathan Jordan regarding use of the word "Sanctuary". He spoke of violence at a Connecticut daycare where teachers were restricted on what they could do. They had to throw themselves in front of a door to keep the criminal from coming into the building. People need the right to protect life and property.

Mike Halworth from West Jefferson stated that the Second Amendment is under attack. He is in favor of the resolution and stated that he carries a gun because he cannot carry a cop.

Jeff Phillips from Jefferson stated concern that the resolution does not go deep enough because the resolution does not include red flag laws. The resolution should call for a

"Constitutional Sanctuary".

Rose Price from Creston is in favor of the resolution. She takes in kids that parents do not want due to being on drugs. She told the Board of an incident at her home where she needed a gun to protect herself and the children.

Susan Carter from Ashe County told the Board about her son's suicide. She wants to be able to protect her son's child.

Chris Taylor from Jefferson stated that he is in favor of the resolution. We have rights granted by the Second Amendment. But we need to encourage friends and family to stand up and fight for our rights. Things get passed in our nation because good people stand by and do nothing.

Claudia McDonald who lives in Ashe County moved to the United States from Nicaragua in 1978. She stated that we live in the greatest country in the world. People that were born in the United States sometimes get complacent. Ms. McDonald is in agreement that the word "Sanctuary" should not be used in the resolution. She agrees that we need to make sure our children learn the Constitution and we need to protect our rights.

Patty Pike from Laurel Springs explained a personal experience she had with gun violence. She believes that if someone had a gun two people would not have been shot. She told the Board that her family has concealed carry permits.

With no further comments from the public, Chairman McNeill opened the floor for each commissioner to comment on the resolution.

Commissioner Dix made a motion to adopt the resolution as written. Commissioner Perry seconded the motion. The motion passed with unanimous approval.
