Subject: RE: Commissioners' Meeting Agenda

Ashley,

I need to get on the agenda for the first Commissioners' meeting in May if possible. We need to get approval for our CARES Act budget through AAA as well as approval for the Home and Community Care Block Grant Planning Committee member roster.

Patricia S. Calloway

Executive Director

Composition of the HCCBG Planning Committee

In each county, the Board of Commissioners is charged with appointment of a committee responsible for planning/coordinating the development of the County Funding Plan for Home and Community Care Block Grant Services (HCCBG). The advisory committee must represent a broad range of aging interests to effectively build consensus on the County Funding Plan. A viable committee will not be viewed as being predisposed toward certain providers or favoring specific interests.

Representation should include the following:

- Area Agencies on Aging (must be represented on committee if not designated as the County Lead Agency)
- Aging service providers (public, private nonprofit, and for-profit)
- Local elected officials and civic leaders
- Older consumers (the Division of Aging and Adult Services strongly recommends that older consumers comprise no less than one-third of the Advisory Committee Membership)

The committee shall function as a resource to the County Lead Agency by obtaining input from provider interests, older consumers, and their families and providing consensus on the contents of the County Funding Plan.

Home and Community Care Block Grant Committee Membership for 2021-2022
